PROFESSIONAL EXPERIENCE

Hewlett-Packard (HP) Inc, — ***05/2025 – Present***
Project Manager Intern (EMEA) — Prague, Czech Republic

- Direct weekly cross-functional governance sessions across internal workstreams and external partners, standardizing action ownership and delivery roadmaps for regional leadership.
- Built a centralized cross-functional master tracker integrating Procurement, Finance, and business inputs, facilitating steering committee alignment to safeguard business continuity ahead of system freezes.
- Governed partner migration and testing readiness gates across volatile migration phases, establishing objective pass/fail criteria to secure formal sign-offs prior to launch.
- Automated recurring project documentation using Power Automate and Copilot Studio to capture decision logs, extract action owners, and update tracking files.

Persona Signs, — ***09/2022 – 06/2023***
Project Assistant — Sioux Falls, United States

- Managed an active portfolio of 15–20 concurrent client projects in a compliance-driven manufacturing environment, delivering ~5 completed projects weekly across clients, production, and municipal permitting authorities,
- Executed end-to-end purchasing and milestone tracking across Oracle EBS and Oracle Sales Cloud, coordinating third-party contractors and resolving invoice/order discrepancies.

Sanford Health, — ***06/2021 – 08/2021***
Project Manager Intern in Enterprise PMO — Sioux Falls, United States

- Authored enterprise Master Statistics SOP, establishing standardized operational KPIs adopted as the formal source of record by executive leadership and the Board of Trustee.
- Built SharePoint governance tools and KPI dashboards to track portfolio risk and health.

SDN Communications, — ***05/2020 – 12/2020***
Business Intelligence Intern — Sioux Falls, United States

- Developed interactive dashboards and reporting summaries in Excel and Power BI
